AGENDA SUMMARY

NEW BUSINESS

- 1) Astera Legacy has submitted the Application for FILING A PLAT ALONG WITH THE Preliminary Plat for review and approval by the PC and City Council. I have reviewed the Preliminary Plat for accuracy and to ensure all required information is included. The Preliminary Plat appears to be complete and accurate. Following City Code requirements, we have notified adjoining property owners by mail of the proposed plat and I have received one call from an adjoining property owner with no objection.

Pending input from other property owners, I am recommending approval of the Preliminary Plat to the City Council and approval to submit the final plat for review and approval.
